October 4, 2022

TO: Superintendent Larry R. Hook and Members of the Forest Hills Board of Education

I write to express my extreme disappointment that the Village of Newtown was not informed in advance of proposed plans to consolidate schools in the Forest Hills School District. The proposed plan would have the greatest impact on our youngest Newtown students.

The Village of Newtown has always been supportive of the School District. After residents on Mount Carmel Road objected to buses being housed there in a transportation center, the Village of Newtown agreed to house the District's fleet of school buses despite the effect it would have on traffic in the Village.

The Village would appreciate being informed of and consulted on proposed plans to consolidate schools in the Forest Hills School District.

Sincerely,

Mark Kobasuk
Mayor
Village of Newtown
